

PRIESTHOOD ORDINATIONS AND LINES OF AUTHORITY; SIGNIFICANT PRIESTHOOD ORDINANCES

Listed here are known living priesthood ordinations (showing date, person performing ordination and priesthood office, and ward/branch, where known) together with other important priesthood ordinances and settings apart performed on behalf of direct ancestors (and selected relatives) of Brent Jay Belnap.

"I believe the time will come when it will be necessary for every man to trace the line in which he has received the Priesthood that he exercises. It is therefore of great importance in our Church that records should be kept and that every man should know whence he derives his authority—from what source, through what channel he has received the Holy Priesthood and by what right he exercises that authority and administers the ordinances thereof. I believe this is of extreme importance and that where there are doubts as to a man's legitimately exercising that authority, that doubt should be removed." (George Q. Cannon, *Gospel Truth*, vol. 1, p. 224.)
